- There are plans to implement a campus-wide help desk, Service Now.

Ms. Goetz noted the positive collaboration with Mr. Sheehan and his team.

**TIAA Retirement Plan:** Ms. Goetz summarized the outcomes of the January 1, 2020 implementation of the changes to the TIAA retirement plan approved by the board at the December 7, 2018 board meeting. The changes included:

- Auto-enrollment of all eligible employees at 5%.
- Employer 2:1 match of employee contributions up to 10%
- With the change, employees receive 15% of their compensation as a deferral into their retirement account unless they elect to make changes.
- There are now 1,427 staff enrolled in the plan as opposed to 277 prior to the implementation.

Ms. Goetz shared the outcomes of the plan changes including a letter of concern submitted by three principal investigators. Ms. Goetz verified that only a handful of employees elected to opt out of the plan despite the concerns expressed in the letter. Employees have until March 31 to make changes retroactively to their employee contributions and receive a refund of those contributions with no tax penalties. Discussion ensued.

**Pre-award positions:** As the last item in her report, Ms. Goetz advised the board of the plan to add a development position in the budget to provide faculty with support in proposal submissions which is included in the FY 2019-20 mid-year budget proposal.
