### REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Board of Directors
San Diego State University Research Foundation

# Report on the financial statements

### **Opinions**

We have audited the financial statements of the business-type activities and the aggregate remaining fund information of San Diego State University Research Foundation (a California State University Auxiliary Organization and Component Unit of San Diego State University) ("SDSU Research Foundation"), as of June 30, 2023 and 2022, and the related notes to the financial statements, which collectively comprise the SDSU Research Foundation's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the business-type activities and the aggregate remaining fund information of SDSU Research Foundation as of June 30, 2023 and 2022, and the respective changes in financial position and cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

# **Emphasis of matter**

As discussed in Note 10 to the financial statements, SDSU Research Foundation has adopted new accounting guidance in 2023 related to Governmental Accounting Standards Board Statement No. 94, *Public-Private and Public-Public Partnerships and Availability Payment Arrangements* and Statement No. 96, *Subscription-Based Information Technology Arrangements*. Our opinion is not modified with respect to this matter.

### **Basis for opinions**

We conducted our audit of the financial statements in accordance with auditing standards generally accepted in the United States of America (US GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States (*Government Auditing Standards*). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the SDSU Research Foundation and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### Responsibilities of management for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the SDSU Research Foundation's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

### Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the SDSU Research Foundation's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the SDSU Research Foundation's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### Required supplementary information

Accounting principles generally accepted in the United States of America require that the Management Discussion and Analysis on pages 7-21, the Schedule of Changes in SDSU Research Foundation's Net OPEB Asset (Liability) and Related Ratios Last Six Fiscal Years on page 53, and the Schedule of SDSU Research Foundation Contributions Last Six Fiscal Years on page 54 be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a required part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with US GAAS. These limited procedures consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### **Supplementary information**

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise SDSU Research Foundation's basic financial statements. The schedule of expenditures of federal awards, as required by Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, on pages 60 - 66, is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with US GAAS. In our opinion, the accompanying supplementary information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

# Other reporting required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated September 29, 2023 on our consideration of the SDSU Research Foundation's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the SDSU Research Foundation's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the SDSU Research Foundation's internal control over financial reporting and compliance.

San Diego, California September 29, 2023

Shant Thornton LLP

### MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)

June 30, 2023 and 2022

# Management's Discussion and Analysis (Unaudited)

This section of the San Diego State University Foundation (dba San Diego State University (SDSU) Research Foundation) annual financial report includes management's discussion and analysis of the financial performance of SDSU Research Foundation for fiscal years (FY) ended June 30, 2023 and 2022. This discussion should be read in conjunction with the financial statements and notes.

### Introduction to the Financial Statements

The accompanying financial statements have been prepared using the economic resources measurement focus and the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America, as prescribed by the Government Accounting Standards Board (GASB). Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows.

SDSU Research Foundation's financial statements include the Statements of Net Position; the Statements of Revenues; Expenses and Changes in Net Position; the Statements of Cash Flows; and the Statements of Fiduciary Net Position and Changes in Fiduciary Net Position. These statements are supported by notes to the financial statements and Management's Discussion and Analysis. All sections must be considered together to obtain a complete understanding of the financial picture of SDSU Research Foundation.

### Statements of Net Position

The Statements of Net Position include all assets, deferred outflows and inflows of resources, liabilities, and net position of SDSU Research Foundation. The statements also identify major categories of restrictions on the net position of SDSU Research Foundation.

### Statements of Revenues, Expenses and Changes in Net Position

The Statements of Revenues, Expenses and Changes in Net Position present revenues earned, and expenses incurred during the years on an accrual basis.

### Statements of Cash Flows

The Statements of Cash Flows present the inflows and outflows of cash for the years and are summarized by operating, capital and related financing, and investing activities. These statements are prepared using the direct method of cash flows and therefore present gross rather than net amounts for the years' activities.

### Statements of Fiduciary Net Position and Changes in Fiduciary Net Position

The fiduciary funds are divided into two separate fund types: Other Post Employment Benefit Trust Funds and the Custodial Funds. These funds use the accrual basis of accounting.

### Financial Overview

### <u>Summary</u>

The following discussion highlights management's understanding of the key financial aspects of SDSU Research Foundation's financial activities as of and for the years ended June 30, 2023 and 2022 (FY 2023 and FY 2022, respectively). Included are comparative analyses of current year and prior year activities and balances; a discussion of restrictions of SDSU Research Foundation net position; and a discussion of capital assets and long-term debt.

### MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED) - CONTINUED

June 30, 2023 and 2022

# Significant Events - Year Ended June 30, 2023

Fiscal Year 2023 was defined by workforce stabilization, significant growth in research funding, a banking transition, and new system implementations.

The research foundation's pandemic-era staffing turnover stabilized with most positions filled and about 170 staff working to support and further university research activities toward SDSU's goal of achieving R1 status as a premier public research university.

Research funding reached \$192.2 million - a second consecutive record-breaking year with a 17 percent increase compared to the prior fiscal year in FY 2022-23, also for a second consecutive year - comprising 805 awards for 365 researchers from 331 funding sources.

The National Institutes of Health continued to be one of the largest sources of support with \$41 million in funding, more than triple from the previous year, demonstrating significant growth in public health and biomedical research at SDSU. Funding from Department of Defense agencies reached \$11.2 million, more than double that of the previous year.

The newly established Center to Foster Environmental Justice at SDSU Mission Valley received a multiyear award of \$10 million from the Environmental Protection Agency (EPA), SDSU's largest award to date from the EPA.

SDSU Teacher Education faculty received \$4.2 million to implement a new early childhood education program in the country of Georgia. SDSU Global Campus received \$1.5 million to admit an additional cohort of 30 students each in three STEM programs, extending SDSU's presence in Georgia for another four years with SDSURF support of ongoing personnel and infrastructure managed through our branch office.

Funding for Hispanic Serving Institution (HSI)-specific initiatives increased to \$10.4 million, including transborder programs and projects at SDSU Imperial Valley, demonstrating the university's commitments to inclusion and diversity in both education and research.

In spring of 2023, instabilities in the financial system led to the collapse of a number of regional banks, including SDSU Research Foundation's main depository bank, First Republic Bank. The research foundation had taken early action to be sure that its accounts were insured and proactively strategized for contingency plans and safeguards, including a Request for Proposal to other banks. First Republic Bank's assets and liabilities were acquired by JPMorgan Chase, which provided uninterrupted service and will honor the previous terms of our Line of Credit until 2026, providing both security and favorable terms to continue with JPMorgan Chase.

To better serve our principal investigators and project staff, SDSU Research Foundation began implementation this year of Chrome River, an enterprise solution to better manage accounts payable and purchasing cards. The platform streamlines receipt management, transaction approval, and allocation processes. The research foundation also implemented PaymentWorks, a new vendor management platform that streamlines vendor onboarding, facilitates payment requests, enhances security, and ensures compliance with federal and state laws and regulations. Each of these improve operations as well as support for our researchers.

SDSU Research Foundation implemented GASB Statement No. 94 - Public-Private and Public-Public Partnerships and Availability Payment Arrangements, (PPPs). This Statement increases the usefulness of governments' financial statements by improving accounting and financial reporting for PPP agreements. This statement recognizes a receivable for any underlying PPP assets when a new asset has been purchased or constructed by an operator and the asset is to be received at the end of the PPP term. This

### MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED) - CONTINUED

June 30, 2023 and 2022

Statement created a substantial impact on the financial statements, adding \$37.6 million receivable to non-current assets and \$36.8 million in additional deferred inflow of resources. The receivable for the payment installments for this agreement was implemented in-line with GASB Statement No. 87 in FY22.

SDSU Research Foundation implemented GASB Statement No. 96 Subscription-Based Information Technology Arrangements (SBITA). This Statement provides guidance to better meet the information needs of financial statement users by improving accounting and financial reporting of SBITAs. This GASB Statement (Statement) is intended to increase the usefulness of governments' financial statements by requiring recognition of a liability and an intangible right-to-use asset for certain SBITAs that previously were classified as operating expenses and recognized as outflows of resources based on the payment provisions of the agreement. It establishes a single model for SBITAs on the foundational principle that SBITAs are financings of the right to use an underlying asset. This Statement created a substantial impact to the financial statements, adding \$2.1 million net in additional right-to-use assets, \$1.2 million in additional liabilities, and \$300,000 in additional deferred outflow of resources.

### Significant Events - Year Ended June 30, 2022

FY 2022 was defined by the partial emergence from the COVID-19 pandemic, the start of a new work model, and the prolific work of SDSU researchers. SDSU Research Foundation successfully implemented a hybrid work schedule for its central administrative staff and continued to follow California, San Diego County, and SDSU guidance related to COVID protocols. With few exceptions, SDSU researchers resumed their in-person work by fall 2021.

Despite the challenges of COVID-19 virus surges, changing mandates, and transitioning back to a classroom environment, 350 SDSU faculty and staff received a record \$164.5 million in awards to support their research and education programs. Support came from 324 different federal, state, private, and other sponsors in 761 awards, with 24 awards recorded at \$1 million or above, including seven at \$3 million or more.

SDSU received one of its largest-ever awards last year: a five-year, \$15 million NIH grant to establish SDSU FUERTE (Faculty Unified towards Excellence in Research and Transformational Engagement) and strengthen the pipeline of health disparities research.

Support increased last year from federal, local, foundation, and international sponsors. For example, there was an increase in support from the National Science Foundation (NSF), a major U.S. funding agency. Researchers received \$13 million from NSF, a 43% increase over the previous year. The National Institutes of Health (NIH) awarded \$32.8 million to SDSU. Of special note are the following prestigious awards made to SDSU faculty: eight NSF CAREER awards, five National Endowment for the Humanities awards, and a new National Endowment for the Arts award for the Prison Arts Collaborative. Many SDSU faculty continued to focus their research efforts on COVID-19-related projects, receiving \$9.7 million in awards, a 26% increase over the previous year. A \$3 million grant from NIH supports a program focusing on safely returning children to schools.

Other new research projects are addressing safe aviation autonomy, childhood irritability, water quality, teaching physics in 3D, drug resistance in tuberculosis, kelp aquaculture, population genomics, human-primate co-existence, and RNA modification.

KPBS continued its capital campaign during the fiscal year with the increased goal of \$85 million. New gifts and pledge receivables recorded were \$1.1 million and \$8.0 million for FY 2022 and FY 2021, respectively. Cash receipts related to the KPBS capital campaign pledges were \$4.7 million for FY 2022 and FY 2021. Due to the COVID-19 pandemic, the Paycheck Protection Program (PPP) under the Consolidated Appropriations Act 2021 (the Act) signed on December 27, 2020, section 317, expanded PPP forgivable loan eligibility, specifically for public radio and television stations licensed to universities and other

### MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED) - CONTINUED

June 30, 2023 and 2022

institutions. SDSU Research Foundation applied for and received funding under the PPP program totaling \$2.1 million on behalf of KPBS in FY 2021. The funds were used entirely for payroll, increasing KPBS SDSU Research Foundation employee hours to 40 per week for those individuals previously cut from full-time to 20 hours per week due to the pandemic. SDSURF applied for the loan forgiveness under this program in March 2022 with final approval for forgiveness provided by the Small Business Administration in July 2022. Due to accounting requirements, this forgiveness will be reflected in the FY 2023 financial statements as the official forgiveness notification did not occur during FY 2022.

SDSU Research Foundation implemented GASB Statement No. 87 – Leases, in FY 2022 as required by the Governmental Accounting Standards Board (GASB). This Statement increases the usefulness of government and government-related entity financial statements by requiring recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. Under this Statement, a lessee is required to recognize a lease liability and an intangible right-to-use asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources, thereby enhancing the relevance and consistency of information about governments' leasing activities. This Statement created a substantial impact to the financial statements, adding \$39.9 million net in additional assets, \$17.6 million in additional liabilities, and \$22.0 million in additional deferred inflow of resources.

SDSU Research Foundation's condensed summary of net position as of June 30, 2023, 2022, and 2021 follows:

**Condensed Summary of Net Position** 

	2023	2022	2021
Assets:			
Current assets	\$ 87,294,446	\$ 66,510,683	\$ 76,967,269
Capital assets, net	63,835,352	64,225,183	38,429,647
Other noncurrent assets	129,348,563	108,633,022	92,046,952
Total assets	280,478,361	239,368,888	207,443,868
Deferred outflows of resources	2,839,958	892,796	1,178,977
Liabilities:			
Current liabilities	52,826,001	48,969,797	36,191,759
Noncurrent liabilities	48,558,414	51,703,689	37,210,215
Total liabilities	101,384,415	100,673,486	73,401,974
Deferred inflows of resources	62,374,018	29,883,366	6,747,011
Net position:

Total net position	\$ 119,559,886	\$ 109,704,832	\$ 128,473,860

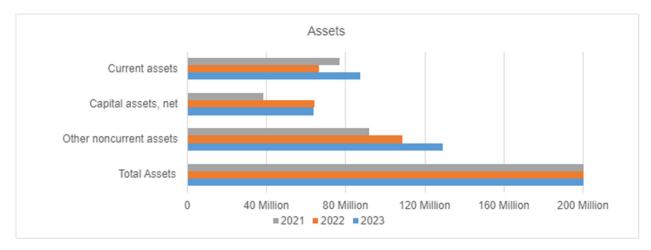

### MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED) - CONTINUED

June 30, 2023 and 2022

### Assets

Total assets increased by \$41.1 million from FY 2022 to FY 2023 mainly due to an increase in current assets of \$20.8 million and non-current assets of \$20.3 million. The majority of the increase in current assets is due to the increase in short-term investments of \$16.7 million, restricted assets – short term investments of \$2.1 million and accounts and pledges receivable of \$4.0 million. The increase in non-current assets is due to the increase in leases receivable with the implementation of GASB 94 of \$36.2 million offset by decreases in other categories including pledges receivable and other assets.

Total assets increased by \$31.9 million from FY 2021 to FY 2022 mainly due to the implementation of GASB 87 - *Lease Accounting*, which added \$3.6 million to current assets, \$22.0 million to capital assets, net, and \$14.3 million to other noncurrent assets.

Current assets increased by \$20.8 million from FY 2022 to FY 2023 due to an increase in Short-term investments of \$16.7 million, Restricted assets - short-term investments of \$2.1 million, Accounts and pledges receivable, net, of \$4.0 million, and prepaid expense of \$258 thousand. These increases were offset by a decrease to cash and cash equivalents of \$1.7 million, and Leases receivable of \$513,000.

Current assets decreased by \$10.5 million from FY 2021 to FY 2022 due to decreases in short-term investments of \$6.3 million, restricted assets - short-term investments of \$12.6 million, and prepaid expenses of \$182,000. This was offset by increases to cash and cash equivalents of \$3.7 million, accounts and pledges receivable of \$633,000, notes receivable - current portion of \$419,000, and the addition of leases receivable of \$3.9 million.

Capital assets, net of accumulated depreciation, are shown below:

	 2023	 2022	 2021
Land and land improvements Buildings and improvements Furniture, fixtures, equipment and construction	\$ 13,914,536 16,799,196	\$ 13,914,536 19,296,283	\$ 13,914,536 20,972,871
in progress Right of use assets	 11,219,999 21,901,621	 9,021,880 21,992,484	 3,542,240
Capital assets, net of accumulated depreciation	\$ 63,835,352	\$ 64,225,183	\$ 38,429,647

# MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED) - CONTINUED

June 30, 2023 and 2022

Capital assets decreased by \$390,000 from FY 2022 to FY 2023 mainly due to a decrease in buildings and improvements from increase in accumulated depreciation which was partially offset by acquisitions.

Capital assets increased by \$25.8 million from FY 2021 to FY 2022 mainly due to the implementation of GASB 87 - *Lease Accounting*, which added \$22.0 million to right of use assets, as well as an increase of \$5.7 million in construction of progress due to the KPBS building expansion project.

Other noncurrent assets increased by \$20.3 million from FY 2022 to FY 2023 mainly due to GASB 94, which added \$37.6 million to leases receivable, as well as an increase in restricted assets - investments, offset by decreases in pledges receivable, long-term investments, notes receivable, and other assets.

Other noncurrent assets increased by \$16.6 million from FY 2021 to FY 2022 mainly due to the implementation of GASB 87 - *Lease Accounting*, which added \$18.7 million to leases receivable, as well as an increase to long-term investments, offset by decreases in pledges receivable, restricted assets - investments, notes receivable, and other assets.

### **Deferred Outflows of Resources**

Deferred outflows of resources increased by \$2 million from FY 2022 to FY 2023 primarily due to an increase in OPEB Investment Experience offset by a slight decrease in unamortized loss on bond refunding and a decrease in other postemployment benefits (OPEB) related outflows of resources due to changes in assumptions related to the actuarial valuation.

Deferred outflows of resources decreased by \$286,000 from FY 2021 to FY 2022 primarily due to a slight decrease in unamortized loss on bond refunding and a decrease in other postemployment benefits (OPEB) related outflows of resources due to changes in assumptions related to the actuarial valuation.

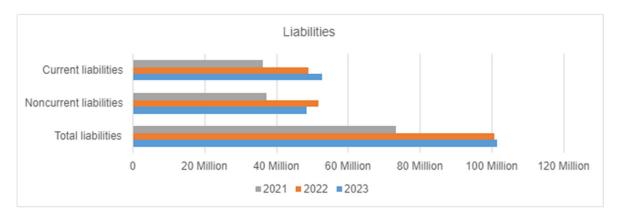

### Liabilities

Total liabilities increased by \$711,000 from FY 2022 to FY 2023 due to an increase in current liabilities of \$3.9 million offset by a decrease of noncurrent liabilities of \$3.1 million.

Total liabilities increased by \$27.3 million from FY 2021 to FY 2022 due to an increase in current liabilities of \$12.8 million and an increase of noncurrent liabilities of \$14.5 million.

# MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED) - CONTINUED

June 30, 2023 and 2022

# Long-Term Obligations

Obligations outstanding as of June 30, 2023, 2022, and 2021 is summarized below by the type of debt instrument:

Long-Term Obligations	2023	2022	2021
Revenue bonds Paycheck Protection Program Loan Unamortized bond premiums Lessee leases SBITA	\$ 22,945,000 34,194 16,526,748 1,236,335	\$ 24,055,000 2,122,277 48,421 17,559,765	\$ 25,115,000 2,101,321 85,969 -
Total long-term obligations	40,742,277	43,785,463	27,302,290
Less current portion	(4,408,277)	(3,124,646)	(1,060,000)
Long-term obligations, net of current portion	\$ 36,334,000	\$ 40,660,817	\$ 26,242,290

Long-term obligations, net of current portion, decreased by \$4.3 million from FY 2022 to FY 2023 mainly due to the forgiveness of the Paycheck Protection Program loan with a decrease of \$2.1 million. There was also a decrease in revenue bonds of \$1.1 million, obligations related to GASB 87 – *Lease Accounting*, and unamortized bond premium of \$1 million.

Long-term obligations, net of current portion, increased by \$14.4 million from FY 2021 to FY 2022 mainly due to the implementation of GASB 87 - *Lease Accounting*, which added \$17.6 million in obligations. Revenue bonds and Unamortized bond premium decreased as payments and amortization were recognized. Paycheck Protection Program Loan increased slightly due to ongoing interest.

### **Deferred Inflows of Resources**

Deferred inflows of resources increased by \$32.5 million from FY 2022 to 2023 due primarily to GASB 94, which added \$36.8 of deferred inflows of resources. This increase was offset by a decrease in OPEB related inflow of resources, unamortized deferred gain on bond refunding, and contributions for KPBS.

### MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED) - CONTINUED

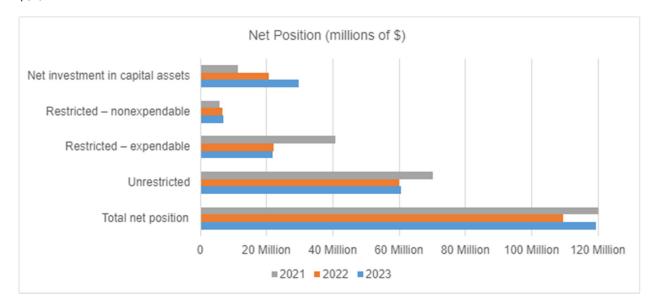

June 30, 2023 and 2022

Deferred inflows of resources increased by \$23.1 million from FY 2021 to 2022 due primarily to in the implementation of GASB 87 - *Lease Accounting*, which added \$22.0 of deferred inflows of resources, as well as an increase of \$1.9 million in OPEB related inflow of resources. These increases were offset by decreases in both Unamortized deferred gain on bond refunding and Contributions for KPBS.

### **Net Position**

Total net position increased by \$9.9 million from FY 2022 to FY 2023 due to an increase in the net investments in capital assets of \$8.9 million. The \$8.9 million increase is mainly due to a \$1.6 million increase of right-to-use assets for lease and SBITA arrangements, increase in net capital assets of \$7 million, and an increase of \$340,000 in capital asset work in process. Restricted for nonexpendable – endowments and property increased by \$500,000 which comprises of two new endowments for KPBS. Restricted expendables increased by \$400,000 and unrestricted by \$780,000.

Total net position decreased by \$18.8 million from FY 2021 to FY 2022 due to increased transfers to the university on behalf of KPBS for construction of their building related to the capital campaign, resulting in \$14.3 million increase in Net nonoperating expenses. Net nonoperating expenses also increased by \$8.6 million due to the Net decrease in fair value of investments.

#### Restricted Resources

The net position of SDSU Research Foundation includes funds that are restricted by donor or law. Nonexpendable net position increased by \$502,000 from FY 2022 to FY 2023 due to earnings on existing endowments.

Nonexpendable net position increased by \$721,000 from FY 2021 to FY 2022 due to additional monies received from the KPBS capital campaign that were permanently restricted for an endowment.

Expendable restricted net position decreased by \$369,000 from FY 2022 to FY 2023 primarily due to KPBS capital campaign.

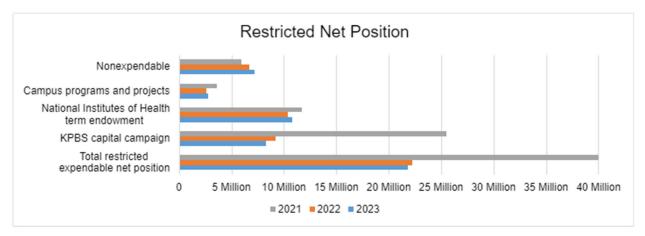

Expendable restricted net position decreased by \$18.6 million from FY 2021 to FY 2022 primarily due to the KPBS capital campaign which was raising monies primarily for the expansion of the KPBS Gateway building including construction and new equipment.

# Operating Revenues and Expenses

Operating revenues and expenses come from sources that are connected directly to SDSU Research Foundation's primary business functions.

# **Operating Revenues**

Operating revenues increased by \$37.7 million from FY 2022 to FY 2023 primarily due to an increase in Sponsored programs support of \$23 million, Community and campus programs of \$11 million, and other operating revenue of \$2.9 million, offset by decreases in Contributions of \$98,000.

Operating revenues increased by \$2.7 million from FY 2021 to FY 2022 primarily due to increases in Sponsored programs support of \$5.6 million and Community and campus programs of \$4.6 million, offset by decreases in Contributions of \$5.4 million and Other operating revenues of \$2.0 million.

Sponsored programs support revenue increased from FY 2022 to FY 2023 by \$23 million and \$5.6 million from FY 2021 to FY 2022 due to overall increase in awards resulting in increased research activity as awards are expended since the majority of awards are on a cost reimbursable basis.

### MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED) - CONTINUED

### June 30, 2023 and 2022

Community and campus programs include revenues generated mostly by SDSU Global Campus and KPBS as well as other campus programs. The revenues increased by \$11 million from FY 2022 to FY 2023 and \$4.6 million from FY 2021 to FY 2022 due to increase activity of SDSU Global Campus and other various campus programs.

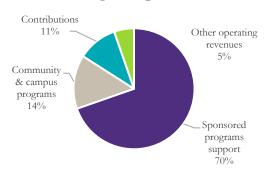

Contributions decreased by \$98,000 from FY 2022 to FY 2023 and decreased by \$5.4 million from FY 2021 to FY 2022 primarily due to the KPBS capital campaign winding down and fluctuations related to the timing of contribution receipts.

Other operating revenues increased by \$2.9 million from FY 2022 to FY 2023 mostly due to an increase in transfers from related entities to cover the faculty housing program and the research endowment distribution from The Campanile Foundation.

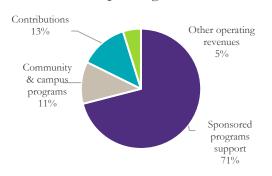

Other operating revenues decreased by \$2.0 million from FY 2021 to FY 2022 mostly due to a decrease in transfers from related entities to cover the faculty housing program and the research endowment distribution from The Campanile Foundation.

The following charts present the percentages that each category of operating revenue contributed to total revenues for the years ended June 30, 2023, 2022, and 2021:

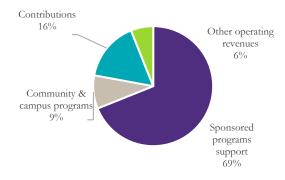

2023 Operating Revenue

2022 Operating Revenue

2021 Operating Revenue

### MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED) - CONTINUED

June 30, 2023 and 2022

The following charts present the percentages that each sponsor type contributed to Sponsored program support revenues for the years ended June 30, 2023, 2022, and 2021:

# **Operating Expenses**

Operating expenses increased by \$33 million from FY 2022 to FY 2023 and by \$13 million from FY 2021-FY 2022 due to increases in all categories.

Sponsored programs expenses increased by \$20.6 million from FY 2022 to FY 2023 and by \$5.2 million from FY 2021 to FY 2022 due to increase in awards which are accounted for in the Statement of Activities when spent.

Community and campus programs expenses increased by \$11.5 million from FY 2022 to FY 2023 and by \$4.6 million from FY 2021 to FY 2022 mostly due to increase in SDSU Global Campus noncredit courses.

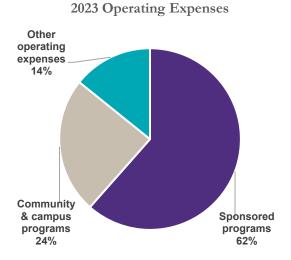

Other operating expenses increased by \$1.1 million from FY 2022 to FY 2023 due mostly to an increase in property management related and general administration expenses as a result of an increase in minimum wage, as well as increases in service contracts and insurance and overall inflation.

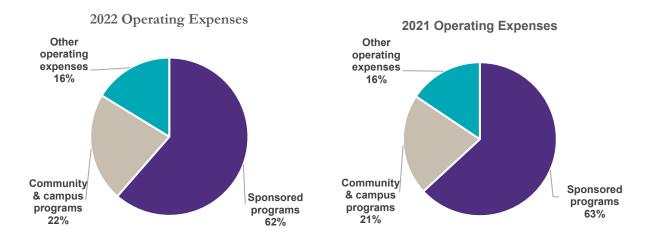

### MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED) - CONTINUED

June 30, 2023 and 2022

Other operating expenses increased by \$3.2 million from FY 2021 to FY 2022 due mostly to an increase in Property management related and General administration expenses as a result of an increase in minimum wage, as well as increases in service contracts and insurance and overall inflation.

The following charts present the distribution of resources by percentage of operating expense category in support of SDSU Research Foundation's mission for the years ended June 30, 2023, 2022, and 2021:

# Nonoperating (Expenses) Revenues

Nonoperating (expenses) revenues come from sources that are not part of SDSU Research Foundation's primary business functions. Included in this classification are interest expense, investment income, changes in the fair value of investments, net gains and losses from the disposition of property and equipment, and transfers (to) from SDSU and The Campanile Foundation.

Net nonoperating (expenses) revenues increased by \$24.4 million from FY 2022 to FY 2023 primarily due to reduction in transfers to the university for reimbursement of construction costs on behalf of KPBS for the renovation and expansion of their station.

# MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED) - CONTINUED

June 30, 2023 and 2022

Net nonoperating (expenses) revenues decreased by \$23.5 million from FY 2021 to FY 2022 primarily due to transfers to the university on behalf of KPBS for construction of their building related to the capital campaign.

### **NOTES TO FINANCIAL STATEMENTS**

June 30, 2023 and 2022

### **NOTE 1 - DESCRIPTION OF ORGANIZATION**

San Diego State University Foundation (dba San Diego State University (SDSU) Research Foundation) was formed on February 11, 1943. It is an auxiliary organization of San Diego State University (the University) and is organized and operated in accordance with the Education Code of the State of California and the California Code of Regulations. It is a nonprofit corporation chartered to provide and augment programs that are an integral part of the educational and community service mission of the University. While SDSU Research Foundation is organized to function as a separate corporation, it is integrated into the goals and programs of the University. SDSU Research Foundation reports as a special-purpose government entity engaged only in business-type activities.

SDSU Research Foundation is responsible for the accomplishment of certain University objectives that require financial support not provided by the state. These activities occur in all aspects of university life, including the development and administration of sponsored grants and contracts for faculty and staff research and educational projects; the administration of community and campus-related programs; the financial administration of certain gifts and donations; and the investment of certain endowments and other funds. SDSU Research Foundation's financial statements are included as a component unit of the University's annual financial statements as required by the Government Accounting Standards Board (GASB).

# Affiliated Organizations

SDSU Research Foundation is related to the three other auxiliaries of the University: Associated Students of San Diego State University, Aztec Shops, Ltd. and The Campanile Foundation (TCF). The auxiliaries and the University periodically provide various services for one another and collaborate on projects.

### NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of the significant accounting policies utilized by SDSU Research Foundation follows.

### Basis of Accounting

The accompanying financial statements have been prepared using the economic resources measurement focus and the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America, as prescribed by the Governmental Accounting Standards Board (GASB). Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows.

### Classification of Current and Noncurrent Assets and Liabilities

SDSU Research Foundation considers assets to be current that can be reasonably expected, as a part of its normal business operations, to be converted to cash and be available for liquidation of current liabilities within twelve months of the statement of net position date. Liabilities that can be reasonably expected, as part of normal operations, to be liquidated within twelve months of the statement of net position date are considered to be current. All other assets and liabilities are considered to be noncurrent.

# Cash and Cash Equivalents

SDSU Research Foundation considers cash and short-term highly liquid investments with original maturities of three months or less to be cash and cash equivalents. These short-term investments are stated at cost, which approximates fair value.

### **NOTES TO FINANCIAL STATEMENTS - CONTINUED**

June 30, 2023 and 2022

### Investments

All investments are reported at fair value, which is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date.

# Accounts and Pledges Receivable

Accounts receivables are recorded at the actual amounts expected to be collected and include both billed and unbilled amounts.

Pledges receivable are due from donors of KPBS and are recorded at net present value.

### Capital Assets

Capital assets in excess of \$5,000 are recorded at cost, if purchased, or at estimated fair value, if donated. Certain equipment acquired through grants is subject to restrictions on use and disposition subsequent to the conclusion of the related grants.

Leased assets and subscription-based IT arrangements in excess of \$10,000 which qualify under GASB 87 and GASB 96 have been capitalized as a Right of Use Asset.

Depreciation is computed using the straight-line method over the useful life of the asset or length of the associated lease. For buildings, the useful life is generally 40 years. For building improvements, furniture, fixtures and equipment, the useful life is generally 5, 10 or 15 years. Improvements to leased property and subscription-based IT arrangements are amortized over the term of the lease/agreement or the life of the improvement.

### Asset Impairment

SDSU Research Foundation annually evaluates capital assets held for investment. The carrying values of such assets that are considered to be impaired are adjusted accordingly.

There were no such impairments for the years ended June 30, 2023 and June 30, 2022.

### **Deferred Outflows and Inflows of Resources**

Contributions received that are applicable to a future reporting period are presented as Deferred contributions and classified as a deferred inflow of resources. KPBS is classified as a deferred inflow of resources.

Losses and gains on bond refundings are deferred and reported as deferred outflows of resources or deferred inflows of resources, respectively. They are amortized on the straight-line method over the life of the refunded bonds.

OPEB related inflows of resources include OPEB plan experience, OPEB assumption changes, and OPEB trust investment experience. These are actuarial calculated amounts that represent differences between the most recent actuarial report and the previous actuarial report. Deferred inflows due to plan experience and assumption changes are recognized over the plan's expected average remaining service life, which is currently 4.81 years. OPEB related outflows of resources include the OPEB subsequent contribution, which will be recognized in the next fiscal year, and OPEB trust investment experience. The OPEB trust investment experience is an actuarial calculated amount representing the difference between projected and actual earnings on OPEB plan investments. Changes due to investment performance different from assumed earnings rate, whether a deferred inflow or deferred outflow, are amortized over five years.

### **NOTES TO FINANCIAL STATEMENTS - CONTINUED**

June 30, 2023 and 2022

Deferred inflows of resources have been recorded for leases where SDSU Research Foundation is the lessor on leases that qualify under GASB 87. They are amortized over the life of the lease as payments are received from the lessees. Deferred inflows or resources have been recorded for an asset transfer where SDSU Research Foundation is the receiver of an asset that qualifies under GASB 94. This has been amortized over the life of the lease and the asset will be transferred at the end of the lease term.

### Other Assets

Other assets consist primarily of the net OPEB asset and deposits held by others.

### Compensated Absences

SDSU Research Foundation accrues vacation benefits for eligible employees at various rates depending upon length of service and employee classification. Eligible employees accrue sick leave based upon their employment status as either full time, part time, student, temporary or seasonal; however, except in limited cases upon retirement, employees are not paid for unused sick leave at the end of employment. Liabilities for compensated absences of approximately \$3,596,000 and \$3,343,000 as of June 30, 2023 and 2022, respectively, are included in accrued expenses.

### Revenue Recognition

Revenue from sponsored programs is recognized as Sponsored programs support in the fiscal year in which all eligibility requirements have been satisfied. Sponsored programs revenue received prior to satisfaction of eligibility requirements and incurrence of the related expenses have been deferred and are reflected as Sponsored programs receipts over expenditures in the accompanying Statements of Net Position.

SDSU Research Foundation received 52.3% and 53.2% of its total operating revenue from federal sources during the years ended June 30, 2023 and 2022, respectively. The Department of Health and Human Services provided 26.8% and 26.9% of the total operating revenue for the years ended June 30, 2023 and 2022, respectively.

Revenue from community and campus programs is recognized as earned, which includes the revenue related to KPBS and SDSU Global Campus as well as other Campus Programs.

Revenue from contributions is recognized in the fiscal year in which all eligibility requirements have been satisfied. Contributions received prior to satisfaction of eligibility requirements are deferred.

### **Transfers**

Transfers are non-exchange cash transactions to or from related parties in support of the mission of the University.

### **Net Position**

SDSU Research Foundation's net position is classified into the following categories:

### Net Investment in Capital Assets

Capital assets, net of accumulated depreciation and outstanding principal balances of debt attributable to the acquisition, construction, or improvement of those assets.

### **NOTES TO FINANCIAL STATEMENTS - CONTINUED**

June 30, 2023 and 2022

### Restricted - Nonexpendable

Assets, net of related liabilities, which are subject to externally imposed conditions that SDSU Research Foundation retains in perpetuity. Assets in this category consist of endowments and property held by SDSU Research Foundation.

### Restricted - Expendable

Assets, net of related liabilities, which are subject to externally imposed conditions that can be fulfilled by the actions of SDSU Research Foundation's Board of Directors.

# Unrestricted

All other categories of assets, net of related liabilities. In addition, unrestricted assets may be designated for specific purposes by SDSU Research Foundation's Board of Directors.

Restricted resources are used in accordance with SDSU Research Foundation policies. When both restricted and unrestricted resources are available for use, the determination to use restricted or unrestricted resources is made on a case-by-case basis.

# Classification of Revenues and Expenses

SDSU Research Foundation considers operating revenues and expenses to be those revenues and expenses that result from exchange transactions or from activities that are connected directly to SDSU Research Foundation's primary functions. Certain other transactions are reported as nonoperating revenues and expenses, including Interest expense, Investment income, net of investment-related fees, changes in the fair value of investments, and Net gain (loss) on dispositions of property and equipment.

# Functional Expense Allocations

Expenses that can be identified with a specific program or supporting service are charged directly to the related program or support services. Expenses applicable to more than one activity, such as facilities-related depreciation, are allocated amongst sponsored programs, community and campus programs, and plant fund based on an evaluation from management.

### Interfund Eliminations

According to SDSU Research Foundation policy, all interfund transactions have been eliminated in the accompanying financial statements.

### Income Taxes

The SDSU Research Foundation and primarily all of its affiliates are recognized by the Internal Revenue Service (IRS) as exempt from federal income tax under Section 501(a) of the Internal Revenue Code as charitable organizations qualifying under Internal Revenue Code Section 501(c)(3), except for income taxes pertaining to unrelated business income. Under U.S. GAAP, the tax effects from uncertain tax positions are to be recognized in the financial statements only if the position is more likely than not to be sustained if the position were to be challenged by a tax authority.

The SDSU Research Foundation completed an analysis of its uncertain tax positions in accordance with applicable accounting guidance and determined there are no amounts to be recognized on the financial statements at June 30, 2023 or 2022.

### **NOTES TO FINANCIAL STATEMENTS - CONTINUED**

June 30, 2023 and 2022

### Use of Estimates

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements. Estimates also affect the reported amounts of revenue, gains, expenses and losses during the reporting period. Actual results could differ from those estimates.

### Reclassifications

No reclassifications have been made to the June 30, 2023 financial statements.

### Pronouncements Issued

For the year ended June 30, 2023, SDSU Research Foundation implemented GASB Statement 94 (GASB 94), *Public-Private and Public-Public Partnerships* ("PPPs") and *Availability Payment Arrangements* ("APAs") effective with fiscal year 2023, which increases the usefulness of governments' financial statements by requiring recognition of the receivable of an asset and recognition of deferred inflows of the underlying asset. A single PPP agreement has been recognized into the June 30, 2023 financial statements. The financial statement impact of this PPP agreement was an increase in receivable and deferred inflow of resources presented in the statement of net position. The income statement recognizes the related interest income and any future realized gain/loss resulting from remeasurement or early terminations.

For the year ended June 30, 2023, SDSU Research Foundation implemented GASB Statement 96 (GASB 96), Subscription-Based Information Technology Arrangements (SBITA), which increases the usefulness of governments' financial statements by requiring recognition of certain right-to-use assets and liabilities for SBITAs that previously were classified as operating expenses and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. It establishes a single model for accounting based on the foundational principle that SBITAs are financings of the right to use an underlying asset. Under GASB 96, a SBITAs are required to recognize a liability and an intangible right-to-use asset, and required to recognize deferred outflow of resources, thereby enhancing the relevance and consistency of information about governments' SBITA activities. SDSU Research Foundation implemented GASB 96 and found that it had no material impact on SDSU Research Foundation's financial statements.

These standards have been incorporated into the June 30,2023 financial statements. However, it was not feasible to restate the June 30, 2022 financial statements to comply with the new standards. The California State University (CSU) system office provided the accounting software to all 23 campuses and its auxiliary organizations so that the consolidated CSU financial statements would be consistently presented. As part of the SBITA and P3 implementation, the CSU requested that all campuses and auxiliaries implement the new standards as of July 1, 2022 for the year ended June 30, 2023 and to not implement for the year ended June 30, 2022.

For the year ended June 30, 2023, SDSU Research Foundation implemented GASB Statement 91 (GASB 91), *Conduit Debt Obligations*, which provides a single method of reporting conduit debt obligations by issuers and eliminate diversity in practice associated with (1) commitments extended by issuers, (2) arrangements associated with conduit debt obligations, and (3) related note disclosures. SDSU Research Foundation implemented GASB 91 and found that it had no material impact on SDSU Research Foundation's financial statements.

For the year ended June 30, 2023, SDSU Research Foundation implemented GASB Statement 99 (GASB 99), *Omnibus*, which addresses a variety of practice issues, such as requirements related to leases, PPPs and SBITAs that were identified during implementation and application of certain GASB Statements. The effective periods of Statement No. 99 covered multiple fiscal years. SDSU Research Foundation

### **NOTES TO FINANCIAL STATEMENTS - CONTINUED**

June 30, 2023 and 2022

implemented some of the requirements of this statement in its fiscal year ended June 30, 2022 financials, and the residual items in the current fiscal year and found that there were no material impacts to SDSU Research Foundation's financial statements.

For the year ended June 30, 2022, SDSU Research Foundation implemented GASB Statement 87 (GASB 87), Lease Accounting, which increases the usefulness of governments' financial statements by requiring recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. It establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. Under GASB 87, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources, thereby enhancing the relevance and consistency of information about governments' leasing activities. Both lessor and lessee leases have been incorporated into the June 30, 2022 financial statements. The California State University (CSU) system office provided the lease accounting software to all 23 campuses and its auxiliaries so that the consolidated CSU financial statements would be consistently presented.

The GASB has issued the following statements:

- GASB Statement No. 100, *Accounting Changes and Error Corrections* an amendment of GASB Statement No. 62 (effective for the year ending June 30, 2024)
- GASB Statement No. 101, Compensated Absences (effective for the year ending June 30, 2025)

Management has not determined what, if any, impact implementation may have on the financial statements of SDSU Research Foundation.

### **NOTE 3 - INVESTMENTS**

### Investment Policy

The primary objective of the investment policy of SDSU Research Foundation is to protect the underlying assets so that the funds are available when needed by various projects and programs. A secondary objective is to maximize investment income on available investments. Various policies have been adopted to meet these objectives at the same time. Specific references are included below under various risk categories.

Investments as of June 30, 2023 and June 30, 2022, respectively, are as follows:

	2023 Investments Fiduciary Held Funds		2023 Investments Held by SDSURF	
Short-term Short-term restricted Long-term Long-term restricted	\$ 37,024,886 4,782,101 41,225,362 18,224,554	\$ (5,835,731) - - - -	\$ 31,189,155 4,782,101 41,225,362 18,224,554	
	\$ 101,256,903	\$ (5,835,731)	\$ 95,421,172	

### **NOTES TO FINANCIAL STATEMENTS - CONTINUED**

June 30, 2023 and 2022

	2022 Investments Fiduciary Held Funds		2022 Investments Held by SDSURF	
Short-term	\$ 24,779,223	\$ (10,263,582)	\$ 14,515,641

	\$ 96,845,465	\$ (10,263,582)	\$ 86,581,883	

SDSU Research Foundation categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The following levels indicate the hierarchy of inputs used to measure fair value and the primary valuation methodologies used for financial instruments measured at fair value on a recurring basis:

- Level 1 Investments whose values are based on quoted prices (unadjusted) for identical assets in active markets that a government can access at the measurement date.
- Level 2 Investments with inputs other than quoted prices included within Level 1 that are observable for an asset, either directly or indirectly.
- Level 3 Investments classified as Level 3 have unobservable inputs for an asset and may require a degree of professional judgment.

The following tables summarize SDSU Research Foundation's investments within the fair value hierarchy at June 30, 2023 and June 30, 2022, respectively:

2023 Investments	Total	Level 1	Level 2	Level 3
Corporate bonds	\$ 42,081,120	\$ 42,081,120	\$ -	\$ -
Treasury bills	6,005,674	6,005,674	-	-

### **NOTES TO FINANCIAL STATEMENTS - CONTINUED**

June 30, 2023 and 2022

2022 Investments	Total	Level 1	Level 2	Level 3
Corporate bonds	\$ 52,375,724	\$ 52,375,724	\$ -	\$ -
Treasury bills	354,741	354,741	-	_
Deferred gift (various)	786,184	786,184	-	-
Certificate of deposit	2,410,141	-	2,410,141	-
Money market funds	73,557	-	73,557	-
Real property	1,797,000	-	-	1,797,000
TCF endowment pool	38,909,832	-	-	38,909,832
Amount held by others	138,286			138,286
	\$ 96,845,465	\$ 53,516,649	\$ 2,483,698	\$ 40,845,118

The following is a description of the valuation methodologies used for assets measured at fair value:

### **Level 1 Measurements**

- Treasury Issues, Corporate Bonds and Bond Mutual Funds based on quoted prices available in an active market.
- Deferred Gift based on quoted prices available in an active market. The deferred gift is invested in a portfolio of cash, equity securities, fixed income securities, and real estate funds designed to provide a moderate amount of current income with moderate growth of capital.

### **Level 2 Measurements**

- Money Market Funds based on published fair value per share for each fund.
- Certificates of Deposit valued at cost, which approximates fair value.
- Commercial Paper issued at a discount of face value, reflects prevailing market interest rates.

# **Level 3 Measurements**

- TCF Endowment Pool SDSU Research Foundation invests in the TCF Endowment Pool, a
  unitized pool managed by TCF, another university auxiliary organization. The fair value is
  calculated as SDSU Research Foundation's share of the pool as of the measurement date, which
  is based on the fair value of the underlying assets owned by the fund divided by the number of
  units outstanding.
- Real Property fair value reflects most recent appraised value. Because there are no observable
  measures, the appraiser must rely solely on experience and knowledge of the market when using
  inputs for real estate assets. The property may be sold should the needs of the programs change.
- Amounts Held by Others SDSU Research Foundation is the beneficiary of certain trusts held in an endowment portfolio managed by a community foundation. The fair value is calculated based on the fair value of the underlying assets owned by the fund.

# The Campanile Foundation Endowment Pool

The TCF Endowment Pool has significant investments in various mutual funds and third-party investment pools. These investments are managed by an Outside Chief Investment Officer (OCIO) based upon the Investment Policy Statement (IPS) as approved by the TCF Board of Directors. The TCF Finance and

### **NOTES TO FINANCIAL STATEMENTS - CONTINUED**

June 30, 2023 and 2022

Investment Committee meets regularly with the OCIO to review the investments, performance, and compliance with the IPS. The investment category allocations and IPS targets as of June 30 are as follows:

	2023	2022	IPS Target	
Growth assets	58.7%	54.7%	60.0%	
Credit	6.6	6.4	8.0	
Inflation hedges	11.8	12.6	13.0	
Risk mitigation	22.9	26.3	19.0	
Total	100.0%	100.0%	100.0%	

SDSU Research Foundation recognized net unrealized gain of \$2.2 million and a net unrealized loss of \$3.0 million for the years ended June 30, 2023 and 2022, respectively, from its investment in the TCF Endowment Pool.

The TCF Endowment Pool is subject to concentrations of credit risk and the investments of the TCF Endowment Pool are exposed to both interest rate and market risk. Economic conditions can impact these risks, and risks and resulting market values can be either positively or adversely affected. If the level of risk increases in the near term, it is possible that the investment balances, and thus SDSU Research Foundation's portion of those investments, could be materially affected. Although the market value of the investment in the TCF Endowment Pool is subject to fluctuations on a year-to-year basis, management believes the investment policies of TCF are prudent for the long-term welfare of SDSU Research Foundation.

In accordance with the Uniform Prudent Management of Institutional Funds Act (UPMIFA), SDSU Research Foundation has adopted investment and spending policies for endowment assets that attempt to provide a predictable stream of funding to SDSU Research Foundation's programs and operations supported by its endowment while also seeking to maintain the long-term purchasing power of the endowment assets.

Endowment distributions are provided in accordance with SDSU Research Foundation and The Campanile Foundation's investment policy statement. For the fiscal years ended June 30, 2023 and 2022, the distribution rate was 4% of the endowment principal market value using a three-year moving average.

### Interest Rate Risk

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of a fixed income investment. In order to reduce interest rate risk exposure, SDSU Research Foundation's investment policy states that individually held working capital fixed income investments are limited to a five-year maturity and should be staggered over various maturity dates.

Maturities of fixed income investments as of June 30, 2023 are as follows:

	Market V <u>Total</u>		Less Than One Year		Two-Five Years	
Treasury issues Commercial paper	\$ 6,005 1,458		6,005,674 1,458,856	\$	-	
Corporate bonds Certificates of deposit	42,081 2,363	•	26,239,275 2,363,814		15,841,845 -	
	\$ 51,909	,464 \$	36,067,619	\$	15,841,845	

#### **NOTES TO FINANCIAL STATEMENTS - CONTINUED**

June 30, 2023 and 2022

Maturities of fixed income investments as of June 30, 2022 are as follows:

	Market Value	Less Than	Two-Five	
	Total	One Year	Years	
Corporate bonds	\$ 52,375,724	\$ 24,597,267	\$ 27,778,457	
Bond mutual fund	354,741	354,741	-	
Certificates of deposit	2,410,141	2,410,141	-	
	\$ 55,140,606	\$ 27,362,149	\$ 27,778,457	

#### Credit Risk

Credit risk is the risk that an issuer of an investment will not fulfill its obligation to repay the debt security when due. SDSU Research Foundation's investment policy requires that fixed income investments must be rated as "Investment Grade," which is BBB or higher. Credit ratings by nationally recognized institutions are used to assess the creditworthiness of specific investments. The bond mutual fund and money market funds do not have a rating provided by a nationally recognized statistical rating organization. The range of rating of corporate bonds was BBB- to AAA as of June 30, 2023 and BBB to AAA as of June 30, 2022.

#### Concentration of Credit Risk

Concentration of credit risk is the risk of loss attributed to the magnitude of the investment in a single issuer. SDSU Research Foundation's investment policy contains no limitations as to how much can be invested with any one issuer. As of June 30, 2023, and June 30, 2022, SDSU Research Foundation did not have any investments with a single non-federal issuer that exceeded 5% of total investments.

#### **Custodial Credit Risk**

Custodial credit risk for deposits is the risk that SDSU Research Foundation will not be able to recover its deposits in the event of a failure of a depository institution. SDSU Research Foundation deposits are maintained at financial institutions that are Federal Deposit Insurance Corporation (FDIC) secured up to \$250,000. In the ordinary course of SDSU Research Foundation's operations, deposit balances can exceed the FDIC insured limits.

Custodial credit risk for investments is the risk that if the counterparty to an investment transaction were to fail, SDSU Research Foundation would not be able to recover its investment. With respect to investments, custodial credit risk generally applies only to direct investments in marketable securities. Custodial credit risk does not apply to indirect investment in securities through the use of mutual funds and government investment pools. Federally Sponsored Enterprise Issues are held by Securities Investor Protection Corporation (SIPC) insured brokers and are not registered with the issuer in SDSU Research Foundation's name.

#### **NOTES TO FINANCIAL STATEMENTS - CONTINUED**

June 30, 2023 and 2022

#### **NOTE 4 - ACCOUNTS AND PLEDGES RECEIVABLE**

Accounts and pledges receivable as of June 30, 2023 and June 30, 2022 consisted of the following:

	2023					
		Current	1	Noncurrent		Total
Sponsored programs Pledges receivable Leases, PPP receivable Other receivables Less: allowance for doubtful accounts	\$	26,932,605 2,916,835 3,395,099 5,183,261 (201,135)	\$	2,584,214 54,988,132 -	\$	26,932,605 5,501,049 58,383,231 5,183,261 (201,135)
Total accounts receivable	\$	38,226,665	\$	57,572,346	\$	95,799,011
				2022		
		Current		Noncurrent		Total
Sponsored programs Pledges receivable Leases Other receivables Less: allowance for doubtful accounts	\$	21,068,070 4,636,938 3,908,135 5,514,082 (383,239)	\$	4,500,202 18,664,904 -	\$	21,068.070 9,137,140 22,573,039 5,514,082 (383,239)

It is the policy of management to review outstanding receivables at year-end for collectability and establish an allowance for doubtful accounts.

On July 1, 2022, SDSU Research Foundation implemented of GASB 94 (Statement), *Public-Private and Public-Public Partnerships and Availability Payment Arrangements*, (PPPs).

A total of \$3,709,576 was recognized as the receivable for PPP installment payments as of June 30, 2023. Of the total receivable, \$201,082 was recognized as the current portion of the receivable for PPP installment payments as of June 30, 2023.

Receivables for the Underlying PPP assets purchased or constructed and placed into service by the operator were \$37,600,000 as of June 30, 2023. Ownership of the underlying asset of the PPP has not yet been transferred to the SDSU Research Foundation for these arrangements. The receivables for both the PPP assets and the installment payments are included above in leases and PPP receivable.

Deferred inflow of resources corresponding to the receivable for PPP installment payments and receivable for transfer of underlying PPP asset was \$36,800,000 as of June 30, 2023.

# NOTE 5 - NOTES RECEIVABLE - AZTEC SHOPS, LTD.

Notes receivable from Aztec Shops as of June 30, 2023 and 2022 consisted of the following:

				2023	
		Current	N	oncurrent	 Total
Sanctuary suites <sup>(a)</sup> Piedra del Sol and Fraternity Row <sup>(b)</sup> College square <sup>(c)</sup> College strip <sup>(c)</sup>	\$	471,799 218,400 87,000 60,000	\$	3,066,694 1,310,400 652,500 450,000	\$ 3,538,493 1,528,800 739,500 510,000
	\$	837,199	\$	5,479,594	\$ 6,316,793
				2022	
		Current	N	oncurrent	 Total
Sanctuary suites <sup>(a)</sup> Piedra del Sol and Fraternity Row <sup>(b)</sup> College square <sup>(c)</sup> College strip <sup>(c)</sup>	\$	471,799 218,400 87,000 60,000	\$	3,538,493 1,528,800 739,500 510,00	\$ 4,010,292 1,747,200 826,500 570,000
	Ф.	837,199	\$	6,316,793	\$ 7,153,992

- (a) In January 2014, SDSU Research Foundation transferred a property adjacent to the University (Sanctuary Suites) to Aztec Shops, Ltd. in exchange for an unsecured note in the amount of \$4,717,991. Payments of interest only at 4% were payable semi-annually until April 15, 2019 at which time fixed principal payments of \$235,900 began plus accrued interest payable semi-annually through October 15, 2028.
- (b) In June 2013, SDSU Research Foundation transferred two student housing projects adjacent to the University (Piedra del Sol and Fraternity Row apartments) to Aztec Shops, Ltd. As part of the consideration for the transfer, Aztec Shops, Ltd. provided an unsecured note to SDSU Research Foundation in the amount of \$2,184,000. Payments of interest only at 4% were payable semi-annually until October 15, 2018 at which time fixed principal payments of \$109,200 plus accrued interest are payable semi-annually through April 15, 2028.
- (c) In May 2015, SDSU Research Foundation transferred properties adjacent to the University (College Square and College Strip) to Aztec Shops, Ltd. in exchange for cash of \$2,725,000, which was used to pay off a mortgage note and unsecured notes in the amount of \$1,470,000. Payments of interest only at 4% were payable semi-annually until October 15, 2020 from Aztec Shops, Ltd., at which time fixed principal payments of \$73,500 plus accrued interest are payable semi-annually through April 15, 2030.

In March 2021 and April 2020, SDSU Research Foundation and Aztec Shops, Ltd. executed amendments to the four promissory notes referenced above. These amendments deferred the principal payments due April 15, 2020, October 15, 2020, April 15, 2021 and October 15, 2021. The payment terms were extended two additional years and the deferred principal payments are due at the end of each term.

Depreciation expense totaled \$8,172,441 and \$7,207,948 for the years ended June 30, 2023 and 2022, respectively.

#### **NOTES TO FINANCIAL STATEMENTS - CONTINUED**

June 30, 2023 and 2022

# **NOTE 7 - AFFILIATED ORGANIZATIONS**

#### The Campanile Foundation (TCF)

TCF is the philanthropic auxiliary organization for the University. The cash and investments shown in the Statements of Fiduciary Net Position represent TCF's claim on cash and investments of SDSU Research Foundation.

Pursuant to an agreement with TCF effective through June 30, 2024, SDSU Research Foundation shall provide administrative services that include cash management processes, gift account administration, and accounting and financial reporting assistance. SDSU Research Foundation charges an administrative fee for all non-student aid funds at the time that TCF expends the funds. Amounts received under this agreement are a combination of fees charged on TCF non-student aid funds and additional amounts paid by TCF. For the years ended June 30, 2023 and 2022 the administrative fee received from TCF totaled \$1,043,000 and \$1,018,000, respectively, and is included in other operating revenues in the accompanying Statements of Revenues, Expenses and Changes in Net Position.

#### Other

Included in Other liabilities at June 30, 2023 was \$6,100,000 million payable to the University presented in Note 9 as Amounts held for others. Included in Accounts payable and accrued expenses were payables to the affiliated organizations in the approximate amounts of \$1,300,000 and \$600,000 at June 30, 2023 and 2022, respectively. Included in Accounts and pledges receivable were receivables from the affiliated organizations in the approximate amounts of \$142,000 and \$247,000 at June 30, 2023 and 2022, respectively. These amounts occurred in the normal course of business among the affiliated organizations.

## **NOTE 8 - LONG-TERM OBLIGATIONS**

Long-term debt activity for the years ended June 30, 2023 and 2022 was as follows:

	Balance June 30, 2022	Adoption of GASB 96 /94	Additions	Reductions	Balance June 30, 2023	Current Portion

Total deferred losses on refunding	\$ 422,064	\$ -	\$ -	\$ (27,527)	\$ 394,537	
CSU SRB 2020A deferred gain on refunding <sup>(b)</sup>	\$ 63,090	\$ -	\$ -	\$ (47,317)	\$ 15,773	
Lessor leases deferred inflow of resources	\$ -	\$ 21,964,580	\$ 4,140,475	\$ (4,062,416)	\$ 22,042,639	

(a) In September 2020, the CSU System refunded a portion of the 2012 system wide revenue bonds. The amount refunded was \$9,145,000 and \$880,000 of the unamortized bond premium. A new issuance of \$10,200,000 was allocated to SDSU Research Foundation with CSU 2020D system wide revenue bonds. The SRB 2020D bonds mature in November 2036 and bear a variable interest rate ranging from 3.0% to 5.0% due in semi-annual principal and interest payments consistent with the terms of the original bonds. The bonds are secured by pledged revenues, including F&A cost recovery payments. The Research Foundation's share of premium on the refunding was \$41,352 and is attributed to the 2012A bonds. The premium is being amortized over 193.5 months (Sept 2020 - Oct 2036) using the straight-line method, which approximates the effective interest method.

The SRB 2020D bonds sold at amounts less than par. The resulting bond loss of \$163,875 is being amortized over the life of the bonds using the straight-line method, which approximates the effective interest method. The losses are deferred and included on the Statement of Net Position as deferred outflow of resources.

(b) In February 2020, the California State University (CSU) System issued system wide revenue bonds (SRB 2020A). Part of this reissuance (\$1,465,000) was allocated to SDSU Research Foundation to replace the SRB 2010A bonds, previously known as the 1998 certificates of participation and the 1999 insured revenue refunding bonds. The SRB 2020A bonds bear an interest rate of 5.0% and are due in semi-annual principal and interest payments consistent with the terms of the original bonds. The bonds mature in 2022 and payments are secured by pledged revenues, including F&A cost recovery payments.

The SRB 2020A bonds sold at amounts greater than par. The resulting bond premium of \$96,207 is being amortized over the life of the bonds using the straight-line method, which approximates the effective interest method. The balance of the unamortized premium of the SRB 2010A bonds of \$130,123 was reclassified to deferred gain on bond refunding. The deferred gain is included on the Statement of Net Position as a deferred inflow of resources. The gain is being amortized as a reduction of interest expense over the life of the bonds using the straight-line method, which approximates the effective interest method.

#### **NOTES TO FINANCIAL STATEMENTS - CONTINUED**

June 30, 2023 and 2022

(c) As a response to the coronavirus disease (COVID-19) outbreak, the U.S. government has responded with relief legislation. Certain legislation called the Coronavirus Aid, Relief, and Economic Security Act (CARES Act), authorized emergency loans to businesses by establishing, and providing funding for, forgivable bridge loans under the Paycheck Protection Program (PPP). In March 2021, SDSU Research Foundation on behalf of KPBS, received \$2,095,580 under the PPP. The entire balance plus accrued interest of \$26,697 is outstanding as of June 30, 2022. Under the PPP, the Small Business Administration (SBA) reviews the application for forgiveness if eligibility and other criteria are met related to use of the funds. SDSURF received the official notification from the SBA of loan forgiveness in July 2022. This debt was forgiven on July 05, 2022 for \$2,095,580 in principal and \$26.927 in interest by the Small Business Administration, Washington, DC 20416.

On July 1, 2021, SDSU Research Foundation adopted GASB 87 (Statement), *Leases*. All leases were tracked through an internal online software. Leases that were entered into the software had an agreement that conveyed the right to use the asset, whether it be a building, land, vehicle, or equipment. These leases were crossed checked to determine if it qualified under GASB 87. Leases that qualified were at least over a 12-month period and valued over our threshold of \$10,000. The lease liability balance was \$17,559,766 and \$16,526,748 million for years ended June 30, 2023 and 2022, respectively.

On July 1, 2022, SDSU Research Foundation implemented GASB 96 (Statement), SBITAs. All SBITAs were tracked through an internal online software. SBITAs that were entered into the software had an agreement that conveyed the right to use the underlying software that qualified under the criteria of the Statement, were at least over a 12-month period, and were valued over our threshold of \$10,000. Obligations under SBITA arrangements were \$1,236,335 as of June 30, 2023.

In July 2016, SDSU Research Foundation entered into a revolving loan agreement with a bank. The loan is secured by two parcels of real property. The loan agreement is available for short-term cash needs, with a maximum amount available of \$12.0 million, and a maturity date of September 26, 2021. The agreement calls for certain restrictive and financial covenants to be maintained. The current agreement requires monthly interest-only payments at a variable interest rate of the prime lending rate minus 1%, but in no event less than 2.5%. There were no amounts outstanding under the agreement as of June 30, 2023 and 2022.

Total interest incurred was approximately \$724,101 and \$1,064,000 for the years ended June 30, 2023 and 2022, respectively.

Future principal and interest payments on long-term bond debt are as follows:

Year(s) Ending June 30	<u>Principal</u>			Interest		Total
2024	\$ 1	,350,000	\$	685,491	\$	2,035,491
2025	1	,380,000		652,566		2,032,566
2026	1	,415,000		617,088		2,032,088

## Risk Management

SDSU Research Foundation is subject to risks of loss such as general liabilities torts, workers' compensation and unemployment insurance. SDSU Research Foundation participates in the California State University risk management pool, California State University Risk Management Authority (CSURMA), for most of its insurance needs. CSURMA provides insurance and risk management services for California State University campuses and auxiliary organizations, including insurance and self-insurance. Auxiliary Organizations Risk Management Alliance (AORMA) operates within CSURMA to offer tailored coverage for California State University auxiliary organizations. CSURMA AORMA assumes charge of the control, negotiation, investigation, settlement, defense, or appeal of any claims made, or suits brought, or proceedings instituted against SDSU Research Foundation for areas covered by the pool. For their services, SDSU Research Foundation remits annual contribution payments computed in accordance with CSURMA AORMA's rules and rates.

For its unemployment and workers' compensation plans, SDSU Research Foundation is partially self-insured. Using insurance policies with commercial carriers to cover these risks of loss, SDSU Research Foundation maintains excess unemployment insurance coverage of \$1,500,000, in the aggregate, and excess workers' compensation coverage for claims in excess of \$250,000 per occurrence. The unemployment and workers' compensation liabilities are determined annually as part of management's risk analysis based on the claims history and insurance premiums. SDSU Research Foundation engages an actuary to analyze workers' compensation claims filed and estimate those incurred but not reported to determine the discounted ultimate cost for self-insured claims. Management's goal is to accrue the liability to an 80-90% confidence level based on the actuary's estimated liability with an additional accrual for deductibles.

#### Amounts Held for Others

SDSU Research Foundation executed a 30-year ground and facility lease with the Board of Trustees of the California State University for the SDSU BioScience Center in March 2004. Lease payments began in May 2006. In July 2020, SDSU Research Foundation prepaid the remaining balance of the ground lease by funding a \$5.4 million quasi-endowment held at SDSU Research Foundation for the benefit of SDSU, to be used at the direction of SDSU's President. The endowment balance and investment gain of \$396,000 are included in other liabilities as of June 30, 2023.

#### **NOTE 10 - LEASING/SOFTWARE AGREEMENT ACTIVITY**

# Lessor Leases

The number of lessor leases that qualified under GASB Statement No. 87 – *Leases*, totaled 52 for the year ended on June 30, 2023. Additionally, the total under the right of use asset totaled to \$21.0 million. Please reference Note 6 – Capital Assets for further details. Deferred inflow of resources balance as of June 30, 2023 totaled to \$19.9 million. See Note 14 – Deferred Inflows and Outflows of Resources for further details.

#### **NOTES TO FINANCIAL STATEMENTS - CONTINUED**

June 30, 2023 and 2022

Land, buildings and improvements, with a current net book value of approximately \$30.4 million, are leased to university-related and commercial organizations. Included in rental income is sublease revenue of \$1,984,000 and \$1,774,000 for the years ended June 30, 2023 and 2022, respectively. During the year ended June 30, 2023, SDSU Research Foundation had 15 affiliated leases with SDSU. Affiliated revenue received totaled \$782,000 and \$770,000 for the years ending on June 30, 2023 and June 30, 2022, respectively.

In July 2019 a ground lease for a student housing project was executed between SDSU Research Foundation and Capstone-San Diego II, LLC, which was transferred to Aztec Shops during FY2022-23. This agreement qualifies under the adoption of GASB Statement No. 94, *Public-Private and Public-Public Partnerships and Availability Payment Arrangements*, (PPPs). This is the only agreement recognized under GASB 94. The lease term is from August 16, 2021 through July 31, 2071. This lease has an annual payment owed of \$195,000 for the period August 1, 2022 through July 31, 2023 and \$201,000 for the year ended June 30, 2024 with 3% annual increases through the fourth year. Beginning in the fifth year of the lease term the annual lease payment will be calculated either by (1) a fixed rent amount of \$140,500 and variable rent in the amount equal to 4.54% of the net operating income or (2) fixed rent amount of \$214,000 and variable rent in the amount equal to 0.57% of the net operating income. Upon expiration or earlier termination of the lease, all improvements on the leased premises, excluding personal property, will transfer to the Lessor at no cost. See Note 4 – Accounts and Pledges Receivable for the discussion of the implementation of GASB 94.

In December 2020 an amended and restated ground lease agreement for a student housing project was executed. The lease term is from December 2020 through July 31, 2063. This lease has an annual payment owed of \$220,000 for the period August 1, 2022 to July 31, 2023, and \$223,000 for the year ended June 30, 2024, and payments increasing by 1.0% annually thereafter. Rent is paid from the surplus cash flow. If on any year, to the extent surplus cash flow is not sufficient to pay all or any portion of the rent owed, the unpaid rent shall accrue interest at 8.0% per annum.

#### Lessee Leases

The amount of lessee leases that qualified under GASB Statement No. 87 – *Leases*, totaled 26 for the year ending on June 30, 2023. The lease liability balance as of June 30, 2023 is \$16.5 million, with a reduction of \$3.4 million as lease payments were made See Note 8 – Long-Term Obligations for further details.

Expenses related to affiliated organizations related to lease agreements totaled \$399,000 and \$394,000 for the years ending on June 30, 2023 and June 30, 2022, respectively.

SDSU Research Foundation executed a 30-year ground and facility lease with the Board of Trustees of the California State University for the SDSU BioScience Center in March 2004. Lease payments began in May 2006. On July 1, 2020, SDSURF prepaid the remaining balance of the ground lease by depositing a principal payment of \$5,400,000 in a quasi- endowment held at SDSURF for the benefit of Business and Financial Affairs (BFA) of SDSU. With the implementation of GASB 87, the prepaid expense was reclassified to a right to use asset. There is no remaining unpaid lease liability and no interest will be recognized. For the year ending June 30, 2023, the annual depreciation is \$352,000.

SDSU Research Foundation has also executed commercial leases for projects located away from the campus. Terms of some leases have the option to renew and include periodic fixed escalations.

# Software Agreements

Eleven software agreements that qualified under GASB Statement No.96 – *Subscription-Based Information Technology Arrangements* (SBITA), for the year ending on June 30, 2023. The SBITA liability balance as of June 30, 2023 is \$1.2 million, See Note 8 – Long-Term Obligations for further details.

#### **NOTES TO FINANCIAL STATEMENTS - CONTINUED**

June 30, 2023 and 2022

#### **NOTE 11 - POSTRETIREMENT BENEFIT PLAN**

#### General Information about the OPEB Plan

The SDSU Foundation Health VEBA Plan for Post-Retirement Health Care Benefits (formerly the Health, Vision, Life Insurance/AD&D and Employee Assistance Program of San Diego State University Foundation) (the Plan) was created by SDSU Research Foundation as a fully insured, single-employer benefit plan. The Plan was effective as of August 1, 1982 and is administered by SDSU Research Foundation. It also provides for post-retirement medical benefits to certain former regular employees and qualified dependents of the SDSU Research Foundation.

SDSU Research Foundation established a voluntary employees' beneficiary association trust (the VEBA) with a registered investment company on June 24, 1996. The VEBA holds the assets and funds the post-employment benefit obligation provided under the plan. The fair value of assets held by the VEBA trust for the years ended June 30, 2023 and 2022 was \$13,709,000 and \$12,807,000, respectively. The Plan issues stand-alone, publicly available financial reports that include financial statements and required supplementary information prepared on the accrual basis of accounting in accordance with the standards of the GASB and GAAP. The financial statements may be obtained by contacting the human resources department at SDSU Research Foundation.

SDSU Research Foundation provides medical, hospital, surgical, major medical, vision and dental insurance benefits for retirees who meet certain eligibility requirements as established by Board policy. There are three groups of eligible retirees, as follows:

- Group 1 Retirees Individuals who were employed as eligible employees on June 30, 1991 and at
  the time of retirement, had 10 years of service as eligible employees, and retired either (a) under
  "SDSURF Defined Contribution Retirement Plan" offered through Teachers Insurance and Annuity
  Association (TIAA) after attaining age 55 (or after attaining age 50 if the individual was employed
  by SDSU Research Foundation and covered by California Public Employees' Retirement System
  (CalPERS) on June 30, 1982), or (b) due to permanent and total disability, as approved by TIAA,
  under the "Group Total Disability Benefits Plan for Regular Salaried Employees of SDSURF."
- Group 2 Retirees Individuals who were employed as eligible employees on or after July 1, 1991 and, at the time of retirement, had 15 years of service as eligible employees, and retired either (a) under "SDSURF Defined Contribution Retirement Plan" offered through TIAA after attaining age 60, or (b) due to permanent total disability, as approved by TIAA, under the "Group Total Disability Benefits Plan for Regular Salaries Employees of SDSURF."
- Group 3 Retirees Individuals who retired prior to July 1, 1991 and, as of July 1, 1991, were receiving benefits under SDSU Research Foundation's "Health Insurance at Retirement" policy, which was approved by SDSU Research Foundation's Board of Directors on May 14, 1984.

For Group 3 retirees, SDSU Research Foundation pays the same percentage of the premium it pays for active employees. Retirees are required to make the same contribution for spousal or domestic partner coverage, if any, that is paid by active employees to cover one dependent. For Group 1 and 2 retirees, SDSU Research Foundation's premium contribution is based upon the cost of the least expensive plan for which the retiree is eligible. The amount of contribution is determined by the years of service the employee has earned on the date of retirement in accordance with the vesting schedule within the policy. The minimum retiree contribution for individual coverage is the amount an active employee pays for individual coverage. The minimum retiree contribution for spousal or domestic partner coverage is the amount paid by active employees to cover one dependent.

#### **NOTES TO FINANCIAL STATEMENTS - CONTINUED**

June 30, 2023 and 2022

Only certain regular employees of SDSU Research Foundation are eligible. Regular employees are members of either (a) central staff under the programmatic direction of SDSU Research Foundation's Associate Vice President and CEO, (b) KPBS, (c) SDSU Global Campus, (d) University Relations and Development or (e) SDSU Athletics. A regular employee is appointed to an approved class code, works a regular schedule of 30 hours or more per week, and is not a temporary or leased employee. At December 31, 2022, there were 91 eligible retired participants or their surviving spouses receiving benefits from the Plan. At December 31, 2021, there were 87 eligible retired participants or their surviving spouses receiving benefits from the Plan.

Prior to 2021, retirees of the Foundation were provided benefits under the single-employer health and welfare plan. The Foundation determined that it is in the best interest of the participants and the VEBA trust to separate the retiree benefits. The VEBA Plan document was amended and restated effective January 1, 2021 as a separate retiree plan. Effective January 1, 2021, Health, Dental, Vision, Life Insurance / AD&D and Employee Assistance Program of San Diego State University Foundation (Plan Number 502) assets were transferred out to a new separate retiree plan (Plan Number 504).

SDSU Research Foundation has voluntarily opted for a funding policy under which it contributes 100% of the actuarially determined contribution (ADC). Per the December 31, 2022 actuarial valuation, SDSURF did not need to make a contribution to the VEBA Trust for the fiscal year ending June 30, 2023. Instead, SDSURF was eligible to and did request a \$60,288 refund. The actuarially determined contribution (ADC) for the year ended June 30, 2023 was \$0, comprised of a \$60,288 refund from the trust and an implicit subsidy contribution of \$60,288. The actuarially determined contribution (ADC) for the year ended June 30, 2022 was \$0. No contributions to fund the future liability of the plan are required from employees.

#### Net OPEB Asset

Included in Other assets on the Statements of Net Position as of June 30, 2023 and June 30, 2022, respectively, is the net OPEB asset of SDSU Research Foundation. The components of the asset balances are as follows:

	June 30, 2023	June 30, 2022
Plan fiduciary net position	\$ 12,757,944	\$ 15,080,115
Total OPEB liability	(8,673,861)	(8,286,121)
Net OPEB asset	\$ 4,084,083	\$ 6,793,994

#### **NOTES TO FINANCIAL STATEMENTS - CONTINUED**

June 30, 2023 and 2022

# **Actuarial Assumptions**

The total OPEB liability for the years ended June 30, 2023 and June 30, 2022 was determined by an actuarial valuation as of December 31, 2021. The following assumptions were used to determine the total OPEB liability as of December 31, 2021:

	December 31, 2021
General inflation rate	2.5%
Salary increase	3.0% per year, used only to allocate the cost of benefits between service years
Investment rate of return	5.25%
Mortality rates	Public Retirement Plans Headcount Weighted 2010 Mortality Table with separate rates for males and females. Mortality improvement rates were projected using MacLeod Watts Scale 2022 on a fully generational basis from 2010 forward.

#### Discount Rate

The discount rate used to measure the total OPEB liability as of December 31, 2022 and December 31, 2021 was 5.25%, which is equal to the expected long-term yield on investments net of plan investment expenses. This long-term rate of investment returns is used because the earnings are expected to fund the benefit costs. As of December 31, 2022, the VEBA Trust's investment advisor projected a long-term expected return on assets of 7.79% per year, prior to offset for investment management and advisory fees. The fees were estimated to be 0.28% and 0.20%, respectively, each year. The long-term yield was reduced to a more conservative estimate of 5.25% to provide some margin against lower market rate returns.

# Sensitivity of the Net OPEB Asset to Changes in Discount Rate and Healthcare Cost

The discount rate used to calculate the net OPEB asset as of December 31, 2022 was 5.25%. Healthcare Cost Trend Rate was assumed to start at 5.8% and grade down to 3.9% for years 2076 and later. The impact of a 1.0% increase or decrease in these assumptions is shown in the chart below as of December 31, 2022:

	Sensitivity of Asset to Change in							
	·	Discount Rate		Healthcare Cost Trend Rate				
	1% Decrease (4.25%)	Current Discount Rate (5.25%)	1% Increase (6.25%)	1% Decrease	Current Healthcare Cost Trend	1% Increase		
Net OPEB asset (Decrease) increase % (Decrease) increase	\$ 2,792,962 (1,291,121) (31.6%)	\$ 4,084,083 -	\$ 5,129,471 1,045,388 25.6%	\$ 5,180,790 1,096,707 26.9%	\$ 4,084,083 -	\$ 2,734,247 (1,349,836) (33.1%)		

## **NOTES TO FINANCIAL STATEMENTS - CONTINUED**

June 30, 2023 and 2022

The impact of a 1% increase or decrease in these assumptions is shown in the chart below as of December 31, 2021:

	Sensitivity of Asset to Change in							
		Discount Rate		Healthcare Cost Trend Rate				
	1% Decrease (4.35%)	Current Discount Rate (5.35%)	1% Increase (6.35%)	1% Decrease	Current Healthcare Cost Trend	1% Increase		
Net OPEB asset (Decrease) increase % (Decrease) increase	\$ 5,541,347 (1,252,647) (18.4%)	\$ 6,793,994 -	\$ 7,805,616 1,011,622 14.9%	\$ 7,841,676 1,047,682 15.4%	\$ 6,793,994 -	\$ 5,504,499 (1,289,495) (19.0%)		

# **OPEB Expense and Deferred Outflows and Inflows of Resources**

For the years ended June 30, 2023 and June 30, 2022, SDSU Research Foundation recognized a reduction to OPEB expense of \$912,027 and \$1,398,455, respectively.

The chart below shows the OPEB related deferred outflows and inflows of resources reported in the Statements of Net Position as of June 30, 2023 and 2022.

	June 30, 2023	June 30, 2022
Deferred outflows of resources Changes of assumptions OPEB investment experiences	\$ 303,626 2,169,322	\$ 498,259 -
Total OPEB related outflows of resources	\$ 2,472,948	\$ 498,259
Deferred inflows of resources OPEB plan experiences OPEB investment experiences Changes of assumptions	\$ 2,061,035 1,013,850 92,831	\$ 3,326,238 1,347,049 141,678
Total OPEB related inflows of resources	\$ 3,167,716	\$ 4,814,965

SDSU Research Foundation will recognize the contributions made subsequent to the measurement date in the next fiscal year. In addition, future recognition of OPEB related deferred inflows of resources is shown below:

Recognized

For the Fiscal Year Ending June 30,	Net Deferred Inflows of Resources
2024	\$ (819,232)
2025	(300,949)
2026	(116,916)
2027	542,329
Total	\$ (694,768)

#### **NOTES TO FINANCIAL STATEMENTS - CONTINUED**

June 30, 2023 and 2022

# **Actuarial Methods and Assumptions**

Projections of benefits for financial reporting purposes are based on the substantive plan (the Plan as understood by the employer and the plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarially accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

#### **Other Retirement Benefits**

SDSU Research Foundation sponsors the San Diego State University Foundation Defined Contribution Retirement Plan. It is a 403(b) participant-directed defined contribution plan (the Retirement Plan) available to employees of SDSU Research Foundation if they meet certain eligibility requirements. All participants have the ability to direct the investments of their accounts under the Retirement Plan, in accordance with the investment choices as are made available and with those policies or procedures as are determined by the Retirement Plan administration. SDSU Research Foundation has no control over investment decisions made by the participants.

Participants are vested immediately in their contributions and SDSU Research Foundation contributions plus actual earnings thereon. As of January 1, 2020 the Plan was amended and the 10% contribution was replaced with a 200% fixed match of each participant's contributions up to 10% of the participant's eligible adjusted gross salary. Total contributions to the Retirement Plan for the years ended June 30, 2023 and 2022 were approximately \$6,555,000 and \$5,850,000, respectively, and included in Operating expenses in the Statements of Revenues, Expenses, and Changes in Net Position.

#### NOTE 12 - DEFERRED INFLOWS AND OUTFLOWS OF RESOURCES

As of June 30, 2023 and 2022, SDSURF reported deferred outflows of resources and deferred inflows of resources in connection with the unamortized (loss)/gain on bond refunding, the OPEB plan, contributions to KPBS, and deferred inflows related to lessor leases, as presented in the table below:

		2023				2022			
	Deferred Outflows		Deferred Inflows		Deferred Outflows			Deferred Inflows	
Unamortized loss (gain) on bond refunding OPEB related Contributions - KPBS Lessor leases PPP	\$	367,010 2,472,948 - - -	\$	3,167,716 2,447,854 19,958,448 36,800,000	\$	394,537 498,259 - -	\$	15,773 4,814,965 3,009,909 22,042,639	
	\$	2,839,958	\$	62,374,018	\$	892,796	\$	29,883,366	

#### **NOTE 13 - CONTINGENCIES**

SDSU Research Foundation is involved in various legal proceedings arising in the normal course of business. Management believes that the final outcomes of these proceedings will not have a material adverse effect on SDSU Research Foundation's results of operations or financial position.

# SCHEDULE OF REQUIRED SUPPLEMENTARY INFORMATION (UNAUDITED)

REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS REQUIRED BY GOVERNMENT AUDITING STANDARDS

Board of Directors
San Diego State University Research Foundation

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*), the financial statements of the business-type activities and the aggregate remaining fund information of San Diego State University Research Foundation (a California State University Auxiliary Organization and Component Unit of San Diego State University) ("SDSU Research Foundation") as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the SDSU Research Foundation's basic financial statements, and have issued our report thereon dated September 29, 2023.

#### Report on internal control over financial reporting

In planning and performing our audit of the financial statements, we considered the SDSU Research Foundation's internal control over financial reporting ("internal control") as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the SDSU Research Foundation's internal control. Accordingly, we do not express an opinion on the effectiveness of the SDSU Research Foundation's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the SDSU Research Foundation's financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

#### Report on compliance and other matters

As part of obtaining reasonable assurance about whether the SDSU Research Foundation's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

#### Purpose of this report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the SDSU Research Foundation's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the SDSU Research Foundation's internal control and compliance. Accordingly, this report is not suitable for any other purpose.

REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

Board of Directors
San Diego State University Research Foundation

# Report on compliance for each major federal program

#### Opinion on each major federal program

We have audited the compliance of San Diego State University Research Foundation, a California State University Auxiliary Organization and Component Unit of San Diego State University ("SDSU Research Foundation") with the types of compliance requirements identified as subject to audit in the U.S. Office of Management and Budget's OMB Compliance Supplement that could have a direct and material effect on each of SDSU Research Foundation's major federal programs for the year ended June 30, 2023. SDSU Research Foundation's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, SDSU Research Foundation complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2023.

# Basis for opinion on each major federal program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (US GAAS); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*); and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of SDSU Research Foundation and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of SDSU Research Foundation's compliance with the compliance requirements referred to above.

#### Responsibilities of management for compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to SDSU Research Foundation's federal programs.

#### Auditor's responsibilities for the audit of compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on SDSU Research Foundation's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about SDSU Research Foundation's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with US GAAS, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or
  error, and design and perform audit procedures responsive to those risks. Such
  procedures include examining, on a test basis, evidence regarding SDSU
  Research Foundation's compliance with the compliance requirements referred to
  above and performing such other procedures as we considered necessary in the
  circumstances.
- Obtain an understanding of internal control over compliance relevant to the audit
  in order to design audit procedures that are appropriate in the circumstances and
  to test and report on internal control over compliance in accordance with the
  Uniform Guidance, but not for the purpose of expressing an opinion on the
  effectiveness of SDSU Research Foundation's internal control over compliance.
  Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

#### Report on internal control over compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a

deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in SDSU Research Foundation's internal control over compliance that we consider to be material weaknesses or significant deficiencies. However, material weaknesses or significant deficiencies in internal control over compliance may exist that have not been identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this Report on Internal Control Over Compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

#### NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS

For the Year Ended June 30, 2023

#### **NOTE 1 - BASIS OF PRESENTATION**

The accompanying Schedule of Expenditures of Federal Awards (the "Schedule") includes the federal grant activity of San Diego State University Research Foundation (the "SDSU Research Foundation") under the programs of the federal government for the year ended June 30, 2023. The information in the Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the SDSU Research Foundation, it is not intended to, and does not, present the financial position, changes in net position, or cash flows of the Foundation.

#### **NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance), wherein certain types of expenditures are not allowable or are limited as to reimbursement. Negative amounts shown on the Schedule represent adjustments or credits made in the normal course of business to amounts reported as expenditures in prior years. Pass-through entity identifying numbers are presented where available. SDSU Research Foundation has elected not to use the 10 percent de minimus indirect cost rate allowed under the Uniform Guidance.

#### **NOTE 3 - ENDOWMENT AWARD**

The accompanying Schedule includes \$11,824,569 in grants which consist of \$10.0 million in corpus and \$1,824,569 of investment earnings on the cumulative endowment corpus which is considered program income in accordance with the grant award terms from the National Institutes of Health (Federal Assistance Listing Number 93.307) to establish an endowment fund. The total amount of the endowment award is \$10.0 million. This is considered a term endowment fund, which allows for the use of the corpus 20 years after the end of the grant period. It may be used for any purpose that expands or develops SDSU's minority and/or health disparities research capacity. Investment income realized in any year is not to be expended until the next year(s) of the award per program guidelines.
