West Coast Wildfires: California, Oregon and Washington

September 10, 2020

California Resources

Governor Gavin Newsom has secured two Fire Management Assistance Grants (FMAGs) from the Federal Emergency Management Agency (FEMA) to help ensure the availability of vital resources to suppress the Slater Fire burning in Siskiyou County and the Bear Fire burning in Butte, Plumas and Yuba Counties. – Via California Governor’s Office of Emergency Services

California Office of Emergency Services (Cal OES)

Cal OES is responsible for overseeing and coordinating emergency preparedness, response, recovery, and homeland security activities within the state of California. Cal OES regularly dispatches team members to join first responders, emergency leaders and those affected by disasters that threaten public safety, to tell their stories and provide information essential to the public. Crisis & Disaster Resources

California Community Foundation (Wildfire Relief Fund)

The Wildfire Relief Fund is designed to assist residents in the aftermath of a disaster. Immediate needs for victims can include shelter, food, cash, and other basic needs. Recovery is often more complex and depends on the scope of the disaster and an affected community's specific context and needs. For these reasons, the California Community Foundation’s Wildfire Relief Fund supports both immediate disaster relief and long-term recovery efforts for those affected by California wildfires.

If you or someone you know has been affected by the wildfires and is seeking assistance, please visit the Southern California Wildfire and Northern California Wildfire resource pages. For more information, they can also be contacted via email at disaster@calfund.org or by phone at 213-413-4130.
